JHON CRISTOPHER POTESITAS

Information Technology Student | Junior Web Developer | Junior App Developer |
Entry-Level Virtual Assistant | Video Editor

PROFESSIONAL SUMMARY

Motivated IT student with hands-on academic and personal projects in web, mobile, software, and AI-powered applications. Experienced with frontend/backend development, Firebase-connected mobile apps, basic documentation, online research, file organization, and short-form video editing. Reliable, detail-oriented, and ready to support clients and teams in organized remote work.

EDUCATION

Bachelor of Science in Information Technology
St. Mary's College of Bansalan Inc. | 2023 - Present

RELEVANT EXPERIENCE

Student Developer / Personal Projects

Self-Directed Learning and School Projects | 2023 - Present

- Developed academic and personal web, mobile, software, and AI-powered applications using modern frameworks.
- Practiced frontend and backend development with HTML, CSS, JavaScript, React, Next.js, PHP, Laravel, APIs, and MySQL.
- Built mobile app projects with React Native Expo and Flutter, including Firebase-connected applications.
- Used GitHub for version control, project organization, code documentation, and portfolio presentation.
- Created and edited short-form videos using CapCut for Reels, Shorts, school content, and simple promotional clips.

SELECTED PROJECTS

SMCBI Document Tracking System - Capstone system for managing and tracking school documents. Tech: React, Laravel Mix, Laravel, MySQL.

Owly - Personal mobile application powered by a large language model. Tech: React Native Expo, LLM.

SmartLock - Mobile application integrated with ESP32 and Firebase for connected device control. Tech: React Native Expo, Firebase, ESP32.

RiderX - E-commerce motorcycle platform with web product and transaction features. Tech: React, Laravel Mix, Laravel, MySQL.

PokeTalk / Pakman Lite 3D - API-powered Pokemon-themed chatbot and a 3D Pac-Man-inspired game. Tech: PHP, API, Godot, GDScript, Blender.

SERVICES I CAN OFFER

- Web support: portfolio websites, landing pages, website updates, responsive layout fixes, and basic frontend development.
- App support: simple mobile UI, React Native Expo support, Firebase-connected app support, and basic app testing.
- VA support: data entry, online research, file organization, Google Docs/Sheets tasks, and basic documentation.
- Video editing: short-form edits for Facebook Reels, YouTube Shorts, school content, and simple promotional clips.

ACHIEVEMENTS

- MTV Spoof Champion Award - DICT, 2025
- Rescue Olympic 2nd Runner Up, 2023
